WHY CHOOSE

All in one Stop

Currently about 12,000 items! In the future, we plan to supply 50,000 items, and we will supply all consumable materials required by the factory (company).

Easy To manage

All purchase history is managed without material procurements system, and anyone can easily purchase. Related documents are also automatically stored.

Loyalty & Discount Program

We are applying different discount rates to provide benefits to long-term customers. (Duplicate discounts possible!) and Volume & Qty Discount !

Korea Industrial Tool

We carry the most popular industrial tools sold in Korea. We also supply products from Asia including Korea, Japan, and Taiwan.

Direct with Manufacture

We make it a rule to deal with manufacturers or original suppliers to supply at low prices.

Quick Feedback !

We will quickly respond to your voice & needs. Useful information will be provided through newsletters and e-commerce board in time

BOMB SALE !

ALL in one STOP

JM Euro is committed to supplying you with all the consumable materials used in your factories and companies. We handle various items such as cleanroom consumables, industrial tools, safety supplies, Office Consumable, packaging material, and more.

In addition to Korean products with good cost-effectiveness, we are dealing with inexpensive products and European products that have obtained CE certification. Quotes are welcome for project tool supplies needed for new factory construction and extension.

Businessman who are interested in importing Korean products,

Business Partner: If your Company or you would like to cooperate with JM Euro as business partner, Please feel free to contact us.
